

JOB OPPORTUNITY

Job Opportunity Bulletin:

#08-033

Final Filing Date:

October 27, 2008
or Until Filled

Position:	Salary:	Location:
Senior Structural Engineer	\$8,500 - \$10,326	Office of Statewide Health Planning & Development Facilities Development Division 700 North Alameda Street, Suite 2-500 Los Angeles, CA. 90012

General Statement: The Senior Structural Engineer will perform, but not limited to, preliminary, triage, normal, expedite, and over-the-counter reviews of submittal documents pertaining to the design and construction of healthcare facilities as required to ensure compliance with Title 24, California Code of Regulations, the Division's Policy Intent Notices, Code Application Notices and other applicable codes. Maintains current certification/registration with appropriate licensing board.

Duties:

- Perform structural reviews of plans, specifications, calculations and other supporting documents for the construction of acute care hospitals, skilled nursing facilities and other designated structures to ensure compliance with California Building Code (Part 2, Title 24, California Code of Regulations) and interpretation of regulations.
- Performs field reviews of the construction of health care facilities. Checks for compliance of construction with statutes and regulations.
- Consults with and advises architects, engineers, contractors, inspectors, public officials, enforcement officers, and others with reference to structural engineering requirements and problems.
- Communicate orally and in writing to facility project personnel regarding project review status (e.g. defects, approvals).
- Evaluates existing facilities to determine their adequacy to withstand applicable gravity, wind, and earthquake forces.

Desirable Qualifications:

- Knowledge and experience in structural design and construction methods.
- Knowledge and experience in interpreting requirements governing design and construction of health care facilities in California.
- Ability to handle code enforcement issues with architects, engineers, and health care facility owners.
- Ability to apply technical skills to formulate practical solutions in resolving structural plan review issues.
- Knowledge and experience in retrofit of existing structures.
- Good writing and oral communication skills.
- Excellent interpersonal skills.
- Ability to handle stressful or sensitive issues with tact and diplomacy.

Who May Apply:

Applications will be accepted from individuals currently in the class or who have list, transfer or reinstatement eligibility to the class. Only the most qualified individuals will be selected for an interview. Appointment is subject to SROA/surplus policies.
